Creative Writing

LESSON 21

NAME_____

While Nicky really wanted a family vacation to Florida, his parents come up with 7 day trips all over New Jersey. They call these day trips Garden State Adventures. Nicky doesn't think New Jersey has any amazing places. Use the space below to write about favorite NJ place.

Nicky's Tip

When you write about a favorite place, you must describe everything you love about that place. It's easy to forget that your reader isn't a 'mind-reader' and skip important, interesting details. As you write, think about the sights, sounds, smells, and the way that place makes you feel.
