### T-BONE'S PRE-DEBATE TIPS

Before you debate, it is best to know both sides of an argument. Knowing both positions makes it easier for you to support our position. This task requires two teams. One team will support the opinion that the Northern Shores are superior, while the other team will support the opinion that the Southern Shores reign supreme. Compile facts and review your material

**NORTH SHORES**

Once you have completed these pre-debate charts, you may begin your official debate. Be sure you have an impartial moderator.
