LESSON 10

NAME _____

ROLE OF STUDENTS IN EDUCATION

READ THIS EXCERPT FROM **T-BONE TAKES A STAND FOR PUBLIC SCHOOLS** AND ANSWER THE QUESTIONS.

“Exactly,” my grandfather laughed. “Parents who neglect their kids are a problem, but parents who don’t make education a priority are also a problem. Nowadays, everyone is looking for a sports scholarship, not realizing how rare they are, and forgetting all about academic scholarships. It’s all about priorities, Nick.” “So what’s the solution?” I asked.

After reading chapter 3, in your opinion, what IS the solution? If you were in charge, how would you attempt to fix the problems in education? Create a plan, focusing on the **role of parents in education** to explain your points. Be sure to include a possible solution for each problem you list. Remember, the solutions need to be **realistic**. You cannot say, “Have schools win the lottery and pay for new computers.” Be creative with your solutions!
