

MULTI-MEDIA

LESSON 27

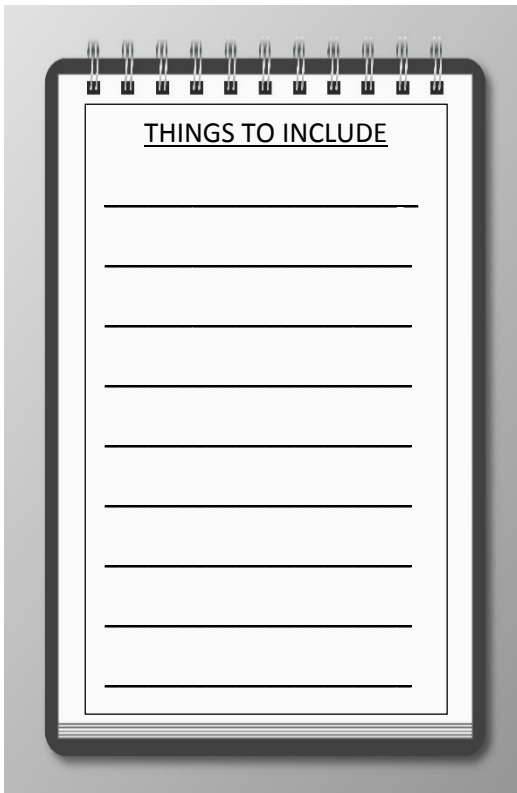

NAME _____

Nicky Fifth's Famous Nine Slide Tip

A Nine-Slide isn't a fancy baseball move; it's a short, but powerful slide show! Because it is so short, you have to plan carefully, only including the most important slides. Before you start clicking away, you should thoughtfully plan each slide. And remember, because they are slides, you can add, remove, or edit anytime!

For this assignment, you will create a Nicky Fifth's Nine Slide to showcase **POVERTY FACTS**. You can work individually, in pairs, or even in groups. Use the notebook to organize what you would like to include. Use the blank slides to put your ideas into a logical and interesting order. Slide Number 1 is your introduction and should capture attention! Be creative.

POVERTY FACTS
